Association for Constituent Matter

8 February 2019
Association for Computing Machinery

8 February 2019
ACM Student Spotlight!

Talk about your NJIT experience, current semester, interests, hobbies, career goals, etc.
Project Innovate

Newark

Welcome Jonathan Costaldo!

“Web applications for Open Ag”

“Machine Learning Model for Traffic Facilitation”

We are looking to partner with you to engage students and drive change together.

Events:
- A co-sponsored event in our Professional Development Series
- Ability to attend any of our six PDS events
- An informational event on PIN for members
- Recruitment event in the Spring for internship positions
- Promote our open events and fundraisers to your respective academic population

Leadership:
- Each student organization sponsor creates a 2-5 person committee for the PINitiative
- Head of committee to act as a liaison to PIN
- Committees help promote events and recruit students for projects
- Board members for student organizations are not eligible to be Pinterns on our team

Interested in joining? Email us at: universities.pin@gmail.com
Tutoring
