$ LOCATION OF NEXT WEEK WILL BE ON DISCORD
SIG CGI

This Monday at 6:00pm

- GITC 3600 I’ll reserve it this time
- Bring a laptop, charger, and *mouse*!
- Video tutorials will be released before the meeting
SIG-XR Report

Due to midterms and work, it was decided to hold off meeting(s) for this week.

Development for Unbound Reality, our VR game in unity, is still underway and the meeting will take place this Saturday on the discord from 7 pm onwards.

We’ll be learning how to do unit/integration testings next week for SIGXR’s VR/AR Thursday section along with more Signal Processing for the BCI portion on Wednesdays.

Join the discord if you’re interested even if you can’t make the meetings!
